ANNOUNCEMENT.

To the Republican party of Garrard county: I am the Republican nominee for County Attorney and will appreciate your support. B. D. Herndon.

The Democratic ticket is now complete as will be seen in list of nominees committee met on Saturday and unanimously nominated J. O. Bogie for representative. He is young, intelligent and a simon-pure democrat, havparty, and when defeated once before for the nomination did not sulk in the camp but buckled on his armour and went into the hedges and byways rally ing the forces for Democratic victory.

He was born and reared in the Buckeye precinct which is largely republican, but never failed to do his duty ection by a handsome majority.

The committee also nominated that staunch democrat and excellent citi- Nicholasville Tribune. zen, Logan Ison, Magistrate in the Bryantsville district, as Squire Dunn, who has been a faithful officer for many years, will not serve beyond this term. We congratulate the people of that vicinity and much credit is due Dr. W. M. Eiliott, who so ably advocated the cause from the beginning. He is chairman of the county Board of Education and his efforts along this line will be productive of much good throughout Garrard county.

The Common school per capita is has ever been in the history of the and Kidney troubles, induce sleep, State. This is a good showing for the impart strength and appetite. Only cause of education and the Democratic party should be congratulated on having conditions in such a shape as to insure the payment of this liberal sum. The total number of children in the state is 743,908, an increase of 5,887 over last year and the amount paid the teachers will be \$2,975,632.

The city council very wisely selected a day for the cleaning up of all trash and cutting of weeds around town. They offered to haul off all trash that was placed in boxes or barrels in front of residences on this "clean up day," and if you will not allow them to help you, they can by law, compell you to do as they suggest. It is hoped that the people will take enough pride in our town to attend to this at once.

The Weather bureau man in Louisville must have been asleep during the month of June, for although there were but few days during the month that the ground got dry enough to plow, he states that his statistics show the rainfall during June in Kentucky to be .64 below normal for thatm onth. Had he been in Garrard county, the continious rains would have awakened him and changed his statistices.

This will doubtless be a matter of unlimited interest to the multitude of gray-halred men and women and people afflicted with hair troubles. During all the time that the altercation has existed among the various people trying to possess willy. nilly the Nott Formulas, it is a matter of moment that the secret has been rigidly held and the manufacture of the goods therefore to an extent restricted, as inquiry develops the fact that not a single druggist in Lancaster have any of the Nott Hair Formulas in their possession, although several express themselves as quite willing to to take the agency when op-

portunity offers. The hard and strenuous fight for the possession of the rights, involving as it has the expenditure of a great many thousands of doflars, seem to indicate that at last something has been discovered that will be of material benefit to people suffering from the myriad troubles awarded to the possessor of a head of hair and to those who worry because they havn't any.

The Senate passed the tariff bill by a vote of 45 to 34. Ten Republicans joined with Democrats in voting against it, while only one Democrat voted with the Republicans. Senator Beveridge, of Indiana, headed the Republican progressives in a strong protest against the measure.

Col. Marcellus Pointer, prominent during the Civil War as a staff officer under Gen. Joe Wheeler, and of late years a supposedly succeessful railway promoter, was found dead in a Bowery lodging-house, in New York, from "when all doctors and other apoplexy. Among his effects were letters from Gen, Wheeler commending him for bravery.

The Conference Committee of the House and Senate held two sessions on the tariff bill. The main hitch among the conferees seems to be on iollows: Beginning with the land of C. w. The Conference Committee of the among the conferees seems to be on the cotten and woolen goods sche dules and that of women's hosiery and gloves. The House lowered the duties on cotten and woolen goods and raised it on women's hosiery and gloves, while the Senate did the opposite. According to reports from the Conference Committee Senator Aldrich tentatively yielded to the House some fifty or sixty amendments in the bill. None of them was of any import ance, however. Opinions of the bestposted men are that the Conference Committee will take at least a fortnight before reaching an agreement.
